# Stability, Solidity, Seriousness – Values we feel committed to pursuing.

---

Gold and precious metals represent the epitome of lasting value and people today are seeking them in ever greater numbers.

## Dear Sir or Madam,

---

Established in 1980, our company KOOS Edelmetalle has become exceptionally well known in the industry for its seriousness, solidity and uncompromising quality over the decades.

As a family-owned and operated medium-sized company, we maintain direct, personal contact with our customers and address their wishes quickly, easily and individually thanks to our flat hierarchy.

Best regards,

A handwritten signature in blue ink, consisting of stylized, flowing letters that appear to be 'S-M Koos'.

# We give precious metals their value back.

The transparency of the process, the diligence of the analysis, the exactitude of the valuation and the greatest degree of celerity and service philosophy are the elements on which we focus.

## Smelting & homogenisation

Our smelting foundries are equipped with **state-of-the-art induction smelting technology** and innovative filter systems that guarantee **exact results**.

Come see for yourself at our glass smelting foundry.

## Analysing

We analyse gold and silver using **docimastic analysis** – the most precise method of analysis by far – and platinum and palladium using chemical means.

The result: unbeatably exact down to the milligram.

## Recycling

The decisive moment: recycling precious metal from your scrap.

Perfectly coordinated and digitalised workflow. Using ERP-guided process and material documentation with barcode scanning.

## Valuation

More transparency, speed and comfort – enjoy our full service packages directly on site.

## Relaxation

While you wait for the valuation results of our analysis, feel free to enjoy the comfortable atmosphere of our little café and take a look at our current precious metal offers.

# Select your settlement method.

# A decision as good as gold.

KOOS offers you attractive conditions and a full range of precious metal recycling services.

## Collection service

We arrange secure transport for your scrap, guarantee you a **quick, easy processing** – and we give precious metals their value back.

Simply use our comprehensive collection service free of charge for old gold volumes of at least 250g – we collect within 24 hours and ensure value up to EUR 250,000.

## Instant service

Feel free to visit us directly, experience the **recovery live** and benefit from our **2-hour instant recycling service**, which is unique in Germany. Valuation, credit or cash payments are effected immediately.

**We recommend you make an appointment right away.**

## Despatch service

Send us your scrap. We provide **safety red boxes with safety seals free of charge** for the despatch and collection. They come in three sizes: large, small and mini.

To preserve the integrity of your delivery, you may also request our **KOOS Safebag** free of charge.

## Liquidity service

On request, you will **receive immediate transfer payment** to your account on receipt of the materials for valuation.

If you come to visit us in Renningen, you can also receive the **amount as a cash payment**.

## Dross service

Use our **free collection service for your dross**.

Your order will be processed within 4 to 6 weeks.

## Return of gold- and silver-plated objects

You receive a metal credit voucher on your account for items with **gold-plating (e.g. jewellery)** and **silver-plating (e.g. cutlery and hollowware)**.

This offer does not apply to items with steel as their base material, knives with steel blades or items without hallmarks.

Fast, easy and  
always transparent.  
The KOOS principle.
